

Scheduled internet maintenance may cause disruption of some online library services

WED, MAR 08, 2017 19:33 CET

You may want to make sure to get the bulk of your online library needs wrapped up before 5 p.m. on Friday, March 10.

Between 5 p.m. and 8 p.m. on Friday, you may have problems accessing the following online resources:

All library catalogs

Online fines and fee payment

Other online resources

Limited functionality of mobile applications.

The good news is www.cmlilibrary.org will be accessible throughout the temporary outage and all services will be up and running by 8 p.m. We apologize for the inconvenience.
