

participate in *Storyvine* all day on May 6, 2021!

Charlotte Mecklenburg Library celebrates the art of traditional storytelling each year by sharing in *Storyvine*, a collection of oral stories shared by Library staff members. This year the celebration will be completely virtual!

Traditional oral storytelling is the art of telling stories using just your face, your voice, and your body. No books, props, puppets, costumes or fancy tricks. Just yourself. It is a form of entertainment that has been around for centuries.

Each story will be broadcast on the [ImaginOn Facebook page](#) and on YouTube via the links below:
